

UPCOMING EVENTS IN FRANKLIN

- Whaanau Careers Hui aim to provide hui specifically for Maaori whaanau and their rangatahi.
- To raise awareness of employment and education opportunities within the Franklin District.
- Statistics reveal that a unique approach is essential to engage our Maaori whaanau into community work.
- We have learnt that the Maaori community is in need of help, we have listened to some of the needs from our whaanau and rangatahi.
- We have collaborated with employment sectors, education providers and trainers that are available to assist today.
- The hui is designed to create a safe forum for everyone to discuss different barriers that may occur during the processes of seeking employment or education at all levels, externally and internally.
- Include a whakatau, introductions, successful mana whenua guest speakers and guest speakers from trainers, education providers and employment sectors.
- Workshops allow us to engage with rangatahi and find out what their wants and needs are to assist in finding a suitable way forward into the right employment sector or further education.

Further from the hui we also provide 2 sector insight days, the first is within the horticulture employment sector and the second is in the infrastructure employment sector both in the Franklin area. Our focus is to provide relevant information on:

- What are the variety of job roles and responsibilities?
- What is the passion in the job role?
- What is the rewards as an employer?
- How does it benefit the community?
- What are the life time rewards?
